

Nethone Integration Roadmap

 The entire integration process takes approximately **2 weeks**, including **20 working hours** of Dev Time required on your end.

1

Take-off

- ✓ Request your first call with Nethone at:
contact@nethone.com
- ✓ Sign the POC contract

2

Integration

- ✓ Nethone's Integration package heads your way
- ✓ Have your developers integrate with Nethone's API

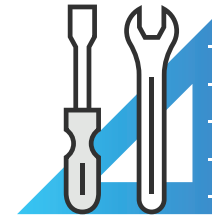

3

Verification

- ✓ Verify the connection to Nethone API
- ✓ Send a fraction of your traffic to verify the process
- ✓ Switch to production environment

4

Validation

- ✓ Talk to Nethone about on-site training at:
support@nethone.com
- ✓ Nethone validates the integration

5

Integration successful!

Enjoy increased protection from Nethone
